EXPERIENCE

University of Wisconsin — *Web Full Stack Engineer*

08/2023 - 02/2024

- Attended the University of Wisconsin's intense and rewarding boot camp for full stack web development.
- Developed multiple applications throughout the boot camp using JavaScript, React, Git, Node.js, Express, MySQL, NoSQL, GraphQL, and Restful API's.
- I worked with multiple different teams in order to create applications that met the criteria we were given.
